

PRODUCT INFORMATION

PowerFeed Pots & Plants

PowerFeed Indoor & Potted Plants is a dynamic fertiliser and soil conditioner in a convenient ready-to-use trigger spray pack designed for all pots and plants indoors and outdoors.

A unique soil formation that combines the benefits of nutrients and trace elements, fish, amino acids and natural soil conditioners to boost plant growth and vigour.

INSTRUCTIONS FOR USE

PowerFeed Indoor & Potted Plants trigger spray is a fast-acting liquid that goes to work immediately when applied to the soil. Regular applications, every 2 to 4 weeks, will give the best results. Being low in phosphorous it is safe on all pots and plants including Aussie natives, flowering and fruiting plants, vegies and herbs.

APPLICATION DIRECTIONS

Ready-to-use

Application is easy as it's already mixed in the container. Generally, apply by spraying the potting mix soil around the base of the plant. Do not spray onto foliage as it may burn. 1 spray = 2mL approx, or use the application table below.

Watering can application

This solution can be diluted for watering can applications at 4 sprays/8mL for seedlings and small pots to 10 sprays/20mL for established plants and larger pots per litre of water.

POT SIZE	NUMBER OF SPRAYS PER APPLICATION	FREQUENCY OF USE
5cm pot	1 spray / 2mL	Every 2 - 4 weeks
12cm pot	2 sprays / 4mL	Every 2 - 4 weeks
20cm pot	3 sprays / 6mL	Every 2 - 4 weeks
30cm pot	4 sprays / 8mL	Every 2 - 4 weeks
40cm pot	5 sprays / 10mL	Every 2 - 4 weeks

TYPICAL ANALYSIS

W/W: Nitrogen (N) 3.0%.

Phosphorus (P) 0.4%.

Potassium (K) 1.8%

Stimulates beneficial soil microbial activity and increases nutrient availability

USAGE TIPS

PowerFeed Indoor & Potted Plants trigger spray takes care of pots and plants with regular applications.

- ✓ In winter, apply to the soil in the morning so that the plant dries before nightfall to help prevent fungal attack. Apply to winter vegies and flowering plants, citrus and herbs.
- ✓ In summer, apply early morning or evening before the heat of the day. Never apply to the foliage as it may burn.
- ✓ Dust potted plants with a damp cloth to remove dirt and shine the leaves.
- ✓ Apply **PowerFeed** regularly during the growing season to all pots and plants indoors and outdoors for lush foliage, stunning blooms and tasty edible produce.
- ✓ Due to the natural ingredients in the product avoid contact with porous surfaces. If contact is made, please wash off immediately with water.
