

PRODUCT INFORMATION

Seasol plus Nutrients All Purpose

Seasol plus Nutrients All Purpose including Natives is a pelletised plant and soil treatment boosted with fast-acting fertiliser for all plants including natives.

INSTRUCTIONS FOR USE

Seasol plus Nutrients All Purpose including Natives is a rich source of seaweed, nutrients, trace elements and natural composts to revitalise soil health and promote growth.

It delivers a special blend of nutrients and trace elements to help promote healthy growth, flowering and fruiting.

Seasol plus Nutrients All Purpose including Natives is enhanced with seaweed to help stimulate a strong root system. It also helps to reduce stress from heat, frost, pests and diseases.

Boosted with a rich source of natural compost and organic matter to enrich the soil. It improves the soil structure to aid soil moisture retention and nutrient uptake.

DIRECTIONS FOR USE

Seasol plus Nutrients All Purpose including Natives can be applied any time, generally every 6 to 8 weeks or as needed. For an established garden apply 140 grams per square metre or follow the application table below for more specific rates. Mix into the topsoil and water it in thoroughly after application.

PLANT TYPE	APPLICATION 1 teaspoon = 5 grams	FREQUENCY
Indoor/Outdoor 15cm pot	6 grams	Every 6 to 8 weeks
Indoor/Outdoor 20cm pot	15 grams	Every 6 to 8 weeks
Indoor/Outdoor 25cm pot	20 grams	Every 6 to 8 weeks
Indoor/Outdoor 30cm pot	25 grams	Every 6 to 8 weeks
Transplanting and planting	100 grams per m ² or 70 grams per hole	Apply to the base of the hole and cover with 1-5cm of soil
New Lawns	140 grams per m ²	Incorporate into the soil before laying lawn turf or sowing seed
Established Garden	140 grams per m ²	Every 6 to 8 weeks
Established Lawn	140 grams per m ²	Every 6 to 8 weeks

USAGE TIPS

Seasol plus Nutrients All Purpose including Natives is the perfect partner for any garden project applied throughout the year.

- ✓ Apply **Seasol plus Nutrients All Purpose including Natives** to an established garden to help it flourish all year.
- ✓ Apply to the soil before laying lawn turf or sowing seed. Water new turf or seed in with **Seasol Lawn & Turf Starter** to get it off to a flying start.
- ✓ Apply to the base of the hole and backfill soil when planting. Water it in with **Seasol** to aid plant establishment.
- ✓ Apply it in the cool of the day, early morning, or late in the evening. Water in thoroughly to ensure water is going down to the plant's roots.
- ✓ It is not recommended to apply when temperatures are above 25°C.
