

PRODUCT INFORMATION

Seasol Organic* Worm FERTILISER

Seasol Organic* Worm Fertiliser is biological wormcast pellets and GARDEN GOLD. Worms act as nature's magician, transforming organic garden waste diverted from landfill into a rich organic* worm fertiliser rich in key nutrients, beneficial microorganisms and organic matter.

Seasol Organic* Worm Fertiliser is a gentle, slow-release nutrient source to support healthy plant and root growth. It helps aerate the soil, improve soil structure and water retention, while increasing nutrients for a bigger yield of produce with improved quality and taste.

Boosted with **Seasol**, it aids plant establishment and strong root development to give your plants a great kick-start.

INSTRUCTIONS FOR USE

Seasol Organic* Worm Fertiliser 4kg is a plant and soil treatment that can be used at anytime throughout the year.

APPLICATION DIRECTIONS

Apply **Seasol Organic* Worm Fertiliser** every 3 months or whenever it is needed. Use on established gardens and pots or when planting or transplanting plants.

Safe on all soils and plants including natives. Generally, for established gardens, spread 100 grams of **Seasol Organic* Worm Fertiliser** per 5 square metres of soil, or use the application table for more specific rates and applications. Mix into the topsoil and water it in thoroughly after application.

PLANT TYPE / POT SIZE	APPLICATION	FREQUENCY

Adds beneficial biology to the soil to improve soil structure and moisture retention

Promotes strong root development and aids plant establishment

USAGE TIPS

Seasol Organic* Worm Fertiliser is the perfect partner for any plant or lawn project applied every season throughout the year.

- ✓ In spring, apply **Seasol Organic* Worm Fertiliser** to the soil before planting to help plants get established. Water plants in with Seasol to boost root growth.
- ✓ In summer, apply in the cool of the day to promote flowering & fruiting to harvest delicious produce.
- ✓ In autumn, check plants after summer heat and remove dead or diseased plants. Apply **Seasol Organic* Worm Fertiliser** to revitalise the soil.
- ✓ In winter, apply it to give the soil a boost ready for spring planting.
