

PRODUCT INFORMATION

Seasol Super Soil Improver

LIVE PROBIOTICS
FOR GARDEN HEALTH

Seasol Super Soil Improver is a specialised blend of plant probiotics, fish extract, seaweed and liquid compost designed to improve soil health and fertility to enhance growth above and below the ground.

With all the benefits of **Seasol the Seaweed Solution**, it promotes healthy growth, improves the root system and reduces stress from heat, drought, frost and pests.

Seasol Super Soil Improver with the added benefits of live beneficial plant probiotics, helps unlock nutrients in the soil and delivers these nutrients to the plants. These live plant probiotics include *Bacillus licheniformis*, *Bacillus amyloliquefaciens* (2 strains), *Bacillus subtilis* and *Bacillus australimaris*.

Each 1.2 litre concentrate contains 12 billion CFU* beneficial plant probiotics and the 1.2 litre hose-on contains 6 billion CFU* beneficial plant probiotics.

*CFU = Colony Forming Units, measures the number of live beneficial microbes in the product.

INSTRUCTIONS FOR USE

Seasol Super Soil Improver is a fast-acting liquid which goes to work immediately when applied to any soil type.

APPLICATION RATES

Watering Can Application

To use the concentrate, generally mix 40mL of **Seasol Super Soil Improver** per 9 litres of water (standard watering can) every 3 to 6 weeks or whenever needed. Each 9 litre watering can application treats up to 4 to 8m² of soil. For extremely poor soils, use 80mL of concentrate per 9 litres of water every two weeks until the soil improves.

Hose-On Application

The hose-on pack is ready to use. Simply shake the container and attach it to the hose. Turn on the tap, lift the yellow tab and spray onto the soil. Each 1.2 litre hose-on pack will treat up to 120m² of soil within 10 minutes (adjust timing and volume by increasing or decreasing the water pressure).

Refill the Hose-On Pack

To refill the 1.2 litre container, add 600mL of **Seasol Super Soil Improver** concentrate and top up with 600mL of water.

Seasol Super Soil Improver is available from Bunnings in a 1.2 litre concentrate and 1.2 litre hose-on to meet every gardener's needs.

USAGE TIPS

Seasol Super Soil Improver is the perfect partner for any soil project applied whenever it is needed throughout the year.

- ✓ Check water is going down into the soil before applying **Seasol Super Soil Improver**. If the soil is repelling water, apply **Seasol Super Soil Wetter & Conditioner** to improve soil moisture.
- ✓ Ideal to use as part of your soil maintenance program for established gardens, pots and lawns.
- ✓ In summer, apply in the cool of the day, early morning or late at night.
- ✓ Apply to improve soil health before planting to give your plants a great start to life.
- ✓ This product may stain porous surfaces. Please avoid contact with porous surfaces. If contact is made, please wash off immediately with water.
